Affidavit for Search Warrant

4. The material facts constituting probable cause that the search should be made are:

Attachment A

In the month of November 2007, Your Affiant was given information by a Confidential Informant (CI) about a white male named Ryan Frederick growing and selling marijuana. The CI stated Frederick was growing marijuana in the detached garage of the residence at 932 Redstart Avenue. The CI stated the marijuana was growing in portable shelters with a hydroponic system.

Based on the above information your Affiant began an investigation into Ryan Frederick at 932 Redstart Avenue. Your Affiant verified Frederick lived at the residence utilizing phone records and other law enforcement databases. Ryan Frederick's DMV transcript also shows 932 Redstart Avenue as his address.

Within the past seventy-two hours your Affiant was advised by the above CI of marijuana grow operation at 932 Redstart Ave. The CI was inside the residence and observed an amount of marijuana plants in the detached garage of the residence. The CI was detailed in describing the stages of growth of the different plants inside the garage. The CI stated the plants are in a portable closet type casing. The CI observed "grow lights" and a hydroponic watering system. The CI also observed packaging material and a digital scale in the master bedroom of the residence.

Based on the above information your Affiant believes Ryan Frederick is growing and possessing with the intent to distribute marijuana. The CI observed an amount of plants in different staged of growth, along with a complex hydroponic watering system. The CI also observed a digital scale and additional packaging material. Based on my training and experience, your Affiant believes the scale and packaging material are being used to weigh marijuana and package it for distribution. Your Affiant respectfully requests a search warrant for 932 Redstart Avenue and all the properties out buildings.

The statements above are true and accurate to the best of my knowledge and belief.
